Hallo, ich bin Bo-kyung. Ich bin 17 Jahre alt.

It may be frustrating because my German is not fluent, but I hope you understand it with a broad mind.

But I will try to learn German hard and practice talking it.

I live in a city in Korea. It's about a 30-minute train ride from Seoul, the capital of Korea. I was very interested in Germany. And because I like music, I decided to study in Germany because I want to study in Germany which has a high musical status.

I like to take on new challenges, and I want to take on anything. And I have a social and positive personality. My family is a father, a younger sister, and a younger brother. My father works in the transport business and is friendly and funny. My parents always support my challenge and always believe in me. I am always grateful to them.

Ich bin nicht gut darin, Bohnen, Brokkoli, Karotten und Gurken zu essen. Ich liebe Tiere und liebe Hunde und Katzen. Ich habe eine Katze namens Holly.

I am very interested in music, history, and language. I want to gain a lot of knowledge by learning a new language and culture.

I want to make many happy and good memories with my friends and family in Germany. I want to experience life in Germany as soon as possible. Thank you for accepting me as a family.

I can't wait to see you!

Danke.
