Dear Host Family,

My name is Giulia , and I am very excited to have the opportunity to write to you. I am 16 years old and I live in a beautiful city in northern Italy. I attend a school, where I am studying Human Sciences, a program that gives me the chance to explore social sciences, psychology, and human behavior.

I am very close to my parents and we do many activities together. Ich verstehe mich sehr gut mit meinen Eltern, and we enjoy spending time as a family, whether it's going on trips, watching movies, or simply talking. I am an only child, so I am used to the attention of my parents, and we have a strong bond.

At school, I get along with the entire class. Ich komme gut mit allen aus, and I enjoy working together with my classmates on projects, studying for tests, and spending time with them during breaks. It's important to me to maintain a positive and friendly atmosphere at school. In addition to my studies, I am passionate about athletics, and I train regularly. I love going for a run in the morning, as it helps me start the day feeling energized. Allerdings fällt es mir manchmal schwer, früh aufzuwachen, but when I do manage to get up early, I feel much better throughout the day.

Sport ist für mich sehr wichtig, and I always strive to do my best in everything I undertake. Music is another of my passions, and I love listening to various genres. I also used to play the harp, and it was a beautiful way to express my creativity. Music has always played a significant role in my life, and I enjoy sharing this passion with my friends.

One of my best friends and I have been close for many years. Er ist wie ein Bruder für mich, and we do a lot of things together, like studying, going out, or just hanging out. We have a lot of fun together, and his friendship means a lot to me. Ich bin eine sehr gesellige Person, and I love being around people who share my interests. I also love dancing and singing; it's my way of expressing myself and having fun. Es macht mir Spaß, mich zu stylen und gut auszusehen, as I believe that taking care of myself is important for my well-being.

I am also very responsible when it comes to household chores. I am happy to help with cooking, cleaning, and other housework. Ich habe keine Angst vor Hausarbeit und bin bereit, mit anzupacken, as I believe it's part of living in a family and contributing to the household. Moreover, I get along very well with younger children. I enjoy spending time with them, helping them with their homework, or playing games. I think I would be a great addition to your family because I can offer both my enthusiasm and my willingness to help out with various tasks. Ich lege großen Wert darauf, immer mein Bestes zu geben, and I think this experience would be a wonderful opportunity for me to grow personally, learn about your culture, and improve my language skills.

I love animals, though I am allergic to pet hair, so I hope that won't be a problem. I would be so happy to join your family and share this experience with you. Ich freue mich darauf, neue Freundschaften zu schließen und eine neue Kultur zu erleben. Thank you very much for considering me. Ich würde mich sehr freuen, wenn ihr mich als Teil eurer Familie aufnehmen würdet. I am eager to meet you and learn from you while sharing my culture and experiences.

Kind regards Giulia
